P R E F A C E .

The NEW BEDFORD AND FAIRHAVEN DIRECTORY for the year 1892 being No. 25 of the regular series, is herewith presented to our patrons and the public in general. We hope those who are disposed to be critical of its defects and imperfections will bear in mind the fact that our canvassers are dependent upon the inhabitants of a city or town for any information they may obtain, and that desired facts are often withheld, whereas, if each one would do his part, the book would soon become a model one.

A new feature has been introduced in this edition, which we hope will meet with general approval. It is that of printing the surname once only (except in the case of advertisers); as is now the custom with publishers of the best directories. Also a list of the deaths of persons over eighteen years of age, and date of death.

We have also added to this year's edition a general directory of Fairhaven, which, we trust, will be appreciated by the community whom we serve.

In conclusion, we extend our hearty thanks to all who have aided us in the preparation of the present volume.

Respectfully,

W. A. GEEENOUGH & CO ,

Compilers, Printers and Publishers.

CODMAN & SHURTLEFF,

13 and 15 TREMONT ST., BOSTON.

MANUFACTURERS AND IMPORTERS OF

SURGICAL & DENTAL INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:

INVALIDS' ROLLING

—AND—

BATH CHAIRS.

TRUSSES,

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel. N. B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity; the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, etc.

Also, Crutches of various and most improved kinds; Syringes'

Rubber Urinals to wear on the person day or night,
for Males and Females; Galvanic Batteries,
Hearing Trumpets, Anrioles, and Con-
versation Tubes for the Deaf.

Together with many other articles for the use of the SICK and INVALIDS. Also the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers

"The Committee have no hesitation in awarding for this superb exhibition the highest premium * * * The various other instruments for inhalation of atomized liquids, and for Local Anesthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.

GOLD MEDAL.

(Signed).

No. 97 Oliver Street, Boston, Mass.

STREETS, COURTS, AVENUES, ETC.

The streets of New Bedford, with a very few exceptions, are laid out north and south, and east and west. Those running north and south are numbered, commencing at Union street, and increasing each way, with the even numbers on the east, and the odd numbers on the west side. Those running east and west are numbered, commencing at the river, and increasing westerly, with the even numbers on the south, and the odd numbers on the north side.

The letters enclosed by parentheses, which follow the name of any street, signify the general bearing of such street from the City Hall. Thus, School street (S.), is *south* from the City Hall.

LOCALITIES OF INTEREST.

IN AND ABOUT THE CITY.

ACUSHNET. This is a village usually known as the Head of the River, about three and a half miles in a northerly direction from the City Hall. The westerly part is in New Bedford, and the easterly part in Acushnet. Pine Grove cemetery is near the village. The post office is in New Bedford.

MOUNT PLEASANT. That portion of our territory known by this name is in the northwest part of the city, commencing at Robeson street. Here are some beautiful private residences, and the view which includes the river, the harbor, the bay, and adjoining shores, villages and islands, is one of the finest in the country.

BELLEVILLE. This name was many years ago, given to a spot on the bank of the Acushnet river, about one mile south of the Acushnet village.

CANNONVILLE. A portion of the westerly part of the city, in the neighborhood of the meeting-house on the Smith's Mills road, is known by this name, thus called in honor of one of our deceased citizens, whose labors in behalf of the people there, will long be remembered.

CITY COMMON. This beautiful spot is in the north part of the city, and is bounded by County, Purchase, Pope and Pearl streets. A very handsome monument erected by the city, at a cost of about \$13,000, as a memorial to the soldiers and sailors who lost their lives during the war of the Rebellion, is located here.

CLARK'S POINT. This point forms the southerly part of the city. It has the waters of the Acushnet river on the

east, and of Clark's Cove on the west. Its length is about two miles. At its southern extremity on the river side is a large tract of land belonging to the United States; at the extremity of the point, the government has erected an extensive fortification, to which the light-house has been removed. Around this point, a distance of about four miles, is a road not surpassed by any public drive in this country. It is called West French avenue, commencing at Cove street (at the Orphan's Home), and follows the shore from thence along the western, southern and eastern boundaries of the point, until it terminates in the street, where it has its beginning. It is eighty feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove, the bay, the river, the shores, the islands and ledges, the lighthouses, steamers and sailing craft of every description, the city on the one side, its sister town of Fairhaven on the other and the noble bridge between, constitutes a series of views, which render a ride or a walk over this road most delightful and attractive. The City Farm and Almshouse is located on Clark's Point. The fort at the point is the only one in the country without a name.

CLIFFORD. A post office about three miles north of Acushnet.

FISH ISLAND. The bridge from the city to Fairhaven passes over this island. Several wharves, an extensive coal yard, an oil factory, a marine railway, and a boat manufactory, are located here.

FOUR CORNERS. The space formed by the intersection of Water and Union streets. This has been a somewhat noted spot in our local history. Near this was erected the first village house, and it was long regarded as a business centre.

PALMER'S ISLAND. Upon which the United States Government has a lighthouse, is at the mouth of the inner harbor. The main channel lies east of it. It affords a good protection from the high southerly winds.

SHAWMUT. This is a small village located four miles N. W. from City Hall. Evergreen Trotting Park is located here. Until the recent establishment of its post office, it was known as Plainville.

POPE'S ISLAND. This island derives its name from a family long known and respected among us. The bridge between the city and Fairhaven passes over it. It lies nearly in the centre of the river.

ROCKDALE. Is about one mile north of Cannonville, on Rockdale avenue. The only quarry of any size near the city is located here.

WINTERVILLE. The name given to a small collection of houses at the west of Rural cemetery, on Winterville road. At one time this was quite a flourishing settlement, but is stated to be about one half as large as it was in 1868, owing to the lack of road communications. Added to New Bedford from Dartmouth in May 1888.

ADDITIONAL PLACES OF INTEREST.

ACUSHNET MILL BLOCKS. Blackmer street, east of Front.

CHEPACHET. West part of Court street.

CRAPO PARK. On Hickory, Ward and Clay streets. Not officially named, and subject to change.

DOG FISH BAR. The collection of houses near the foot of Coggeshall street is often called by this name, which designates a shoal in the river near by. A bridge crosses the river at this place for Fairhaven.

"DOWN TOWN." The section bounded by Union, Sixth, Elm, and Water streets may be regarded as the business centre.

GERMANTOWN. The vicinity of Church street, first settled mostly by Germans.

GRINNELL MILL TENEMENTS. On Acushnet avenue, Bowditch, Logan and Weld streets.

HOWLAND MILL VILLAGE. West of the mills, between Bolton road and Dartmouth street. This is a very creditable village of mill tenements, conveniently arranged and of neat design.

JESSEVILLE. Part of Mount Pleasant and its eastern slope, near Ashland and Linden streets. Named for Jesse Reynolds, a former old resident.

KEMPTON'S CORNER. The corner of Kempton and County street. The land in this vicinity formerly belonged to the Kempton family.

Kemersonville. West of Purchase street, from Clark to Cedar Grove street. Named for one of the first settlers.

LUND'S CORNER. Junction of Acushnet avenue, Main street, Tarkilh Hill road, in the west part of Acushnet village. Named for the former proprietor of a large tin-ware establishment.

MARKET SQUARE. Surrounding the City Hall.

MARSH (THE). The low district east of Water and south of Howland street.

NORTH END. Purchase street, north of the Common, since 1878 has become an important business locality.

POTOMSKA MILL BLOCKS. On Acushnet avenue, Second, Rivet and Blackmer streets.

RIVERVIEW PARK. On Acushnet avenue, south side of North road.

SMOKING ROCKS. A rocky point on the river near Palmer's Island, where it is said the Indians held council fires. Now on the Potomska Mill premises.

TOBEY'S POND. A beautiful sheet of water of about 60 acres in the extreme northern part of the city. Its surface is 92 feet above the sea level. Sometimes called Sassaquin's pond, from an Indian who lived near it.

TURNERVILLE. Vicinity of Shawmut ave. and Durfee street. Named for an early settler.

WAMSUTTA MILL VILLAGES (TWO). One on Logan and Front streets, and one between Hazard and Austin streets.

WILLIS POINT. At the east end of Wall street.

WOODLAWN. The name generally given to Sears Grove, on French avenue, half a mile south of the Orphans Home.

ITEMS OF INTEREST.

Fairhaven, bounded on three sides by the waters of Acushnet river, Buzzards and Little Bays, it is admirably situated to meet the wants of those desiring summer houses, as is shown by the increasing numbers who come each summer to await themselves of the bays cooling breezes.

This town formerly a part of the town of Dartmouth is honored by being the home of "John Cook", the first white settler in this part of the state and the last surviving pilgrim that came over in the "May Flower".

The towns early citizens prior to and during revolutionary times, were intensely patriotic and played an important part in those days on land and sea, to the confusion and defeat of their British enemies; After peace was declared the energies of the people were directed towards the whaling industry which was carried on until the discovery of petroleum oil, when the attention of its citizens has been given to manufacturing, farming and fishing.

A number of places of historic interest are found here, notably, Fort Phoenix, which was built during the Revolutionary war and which proved to be a tower of defence to the people on both sides of the river. The great natural beauty of its situation. The thousands who gather there to enjoy the sea breezes all combine to render this place the most attractive of any in this vicinity.

The old Indian Burial ground on Little Bay now owned and protected by the state of Massachusetts.

The spot near the town farm where John Cook built and commanded his garrison during the war of the revolution.

The old Cannon at corner of Central and Main street, which was captured from the British in 1877 at Nassau by Fairhaven Privateers.

The burial place of John Cook at the north end of the town. A fitting memorial will be placed here ere long, through the efforts of the Fairhaven Improvement Association, which has the care of most of these objects of historic interest. This association has beautified the town by planting many shade trees, established a plant of 75 bathing houses, a drinking fountain for horses, conducts lecture courses and looks after town improvement generally, including the care of Fort Phoenix alluded to.

The town of Fairhaven is fortunate in the generosity of of former citizens one of whom, Warren Delano of Newburgh, who gave the town a beautifully appointed cemetery, while another Henry H. Rogers of New York, has erected a costly school house, a free public library and a Public Town Hall, all of the buildings being of architectural skill. The Population of the town is nearly 3000.
